

Task 1 – Questionnaire 1

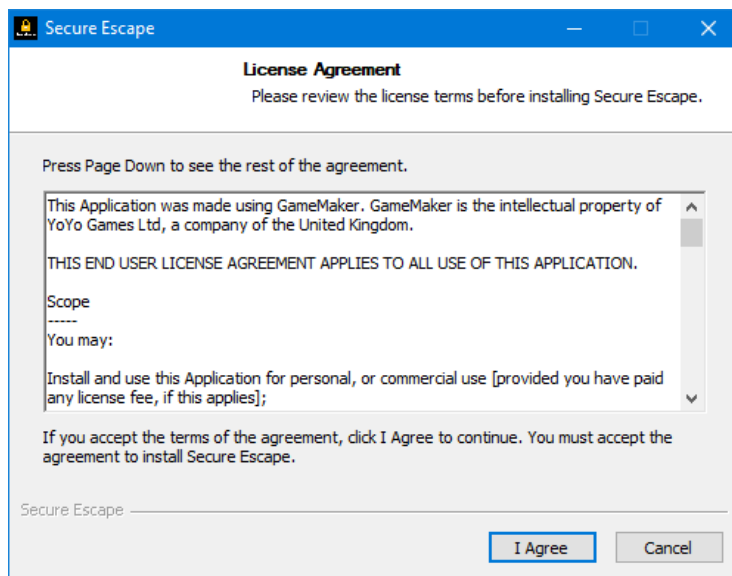

Go to <https://forms.office.com/e/sLc9pB4sUt> and complete the first survey. This will take about 2 minutes to complete.

Task 2 – Secure Escape Game

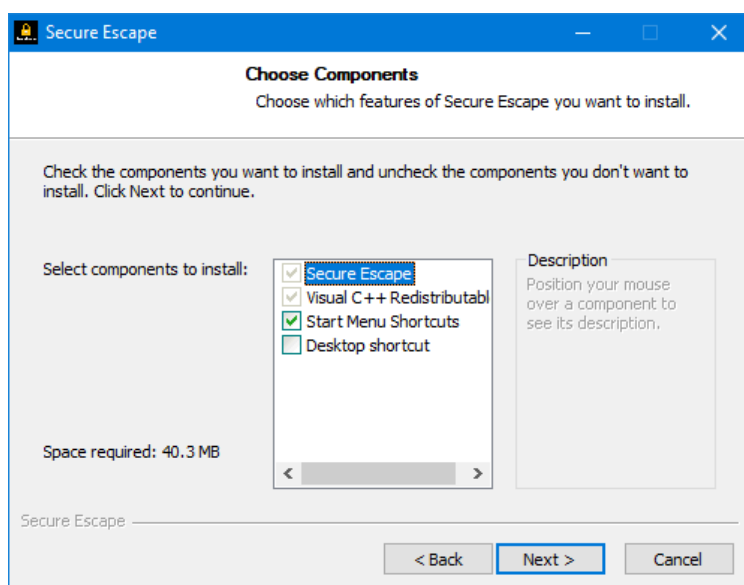

Installation Instructions

Download and open the Secure_Escape_Installer.exe file. To install you must allow the installer to make changes to your device.

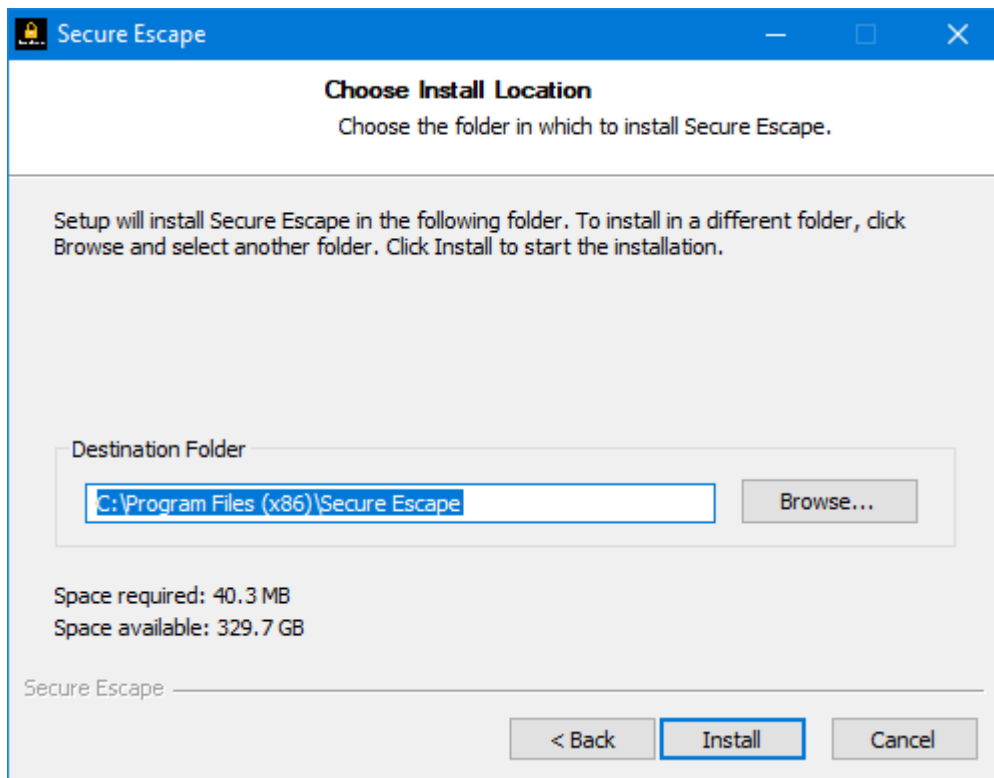

Once opened you will see the GameMaker Licence agreement.

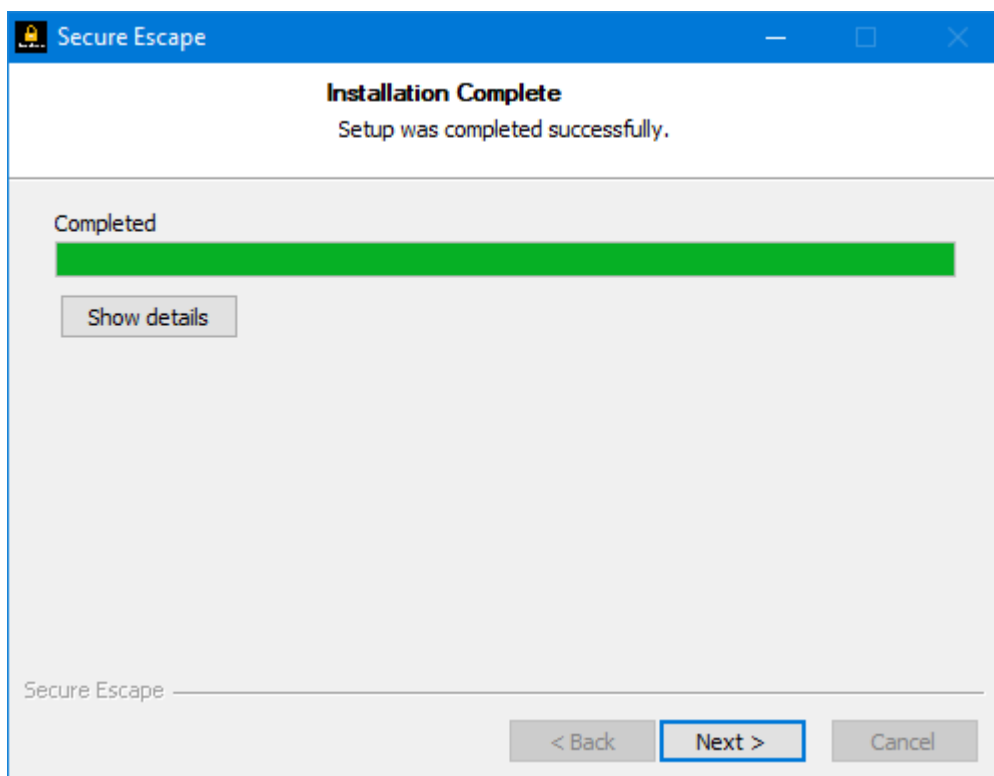

Upon agreeing to the terms, you will be shown what is needed to be downloaded to play the game. You can optionally select to install a Start Menu shortcut and/or a Desktop shortcut if you would like.

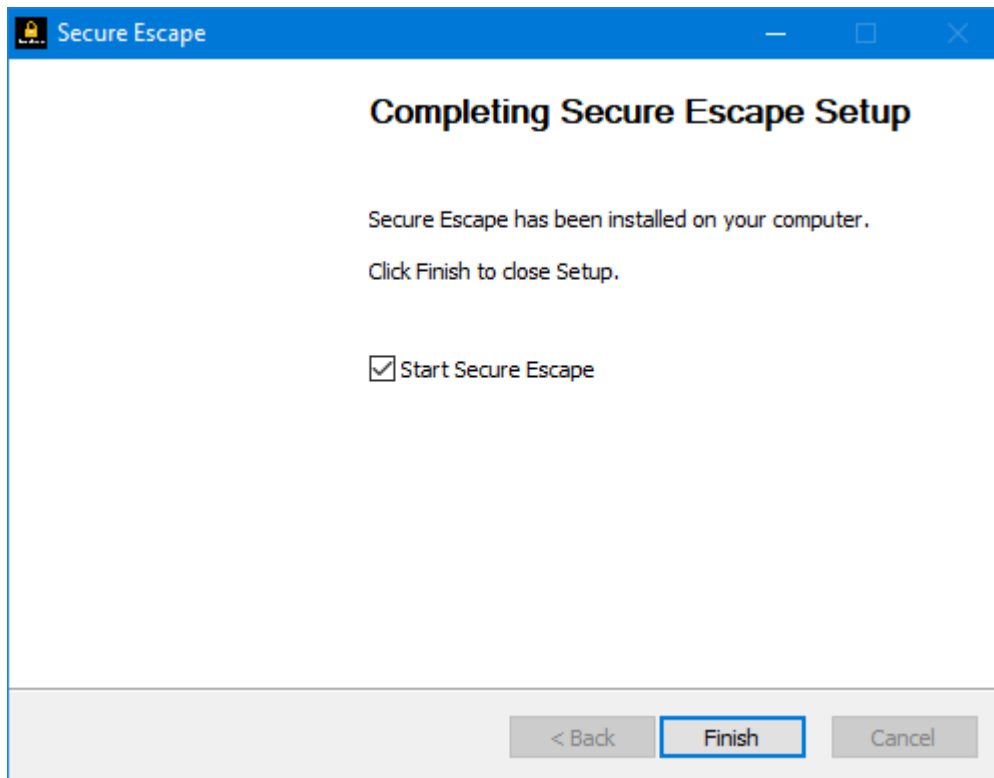

Select what components to install and click next. After clicking next you will then be prompted to select your install location.

After clicking install the game will be downloaded.

Upon completion click next.

Then click Finish to open the game.

Task Instructions

Upon successfully downloading the game, your task is to explore and play through the Secure Escape game. The escape room has a 60 minute timer, but your goal is to complete the game as quickly as you can and successfully escape. It may be useful to have a pen and paper to hand for any note taking or to help solve puzzles. Best of luck and have fun!

Task 3 – Questionnaire 2

After completing a play through of the game your final task is to complete this last questionnaire <https://forms.office.com/e/BG0QzXRPPz>.
